Supporting you to find the answers

## Sefton: Winter/Spring 2020 Offer

Through our community-based groups, programmes and opportunities that raise awareness; develop skills; share learning experiences; and build confidence, we support children, young people and families living with neurodevelopmental conditions, learning difficulties and associated mental health needs - pre, during and post diagnosis.

### Community Network Group

If you have concerns about your child's behaviour or progress at home or in education, our Community Network Group offers support to help you learn, understand and meet the needs of your child and family. We deliver needs-led workshops whilst working in partnership with professionals from organisations and experts in their field to provide effective solution-focused support.
