Subject: Capital Projects- New Bedspaces, Theatres or Facilities

Q1 Please can you confirm if there are any plans for new bedspaces to be created within your trust in the next five years? This can be either proposed at a discussion point or a more formal stage of the decision process. I would like to capture new treatment areas or areas that would offer both day or overnight bed spaces. If so, please could you record the proposed site and an estimated number of additional beds to be added per year.

Any example response would be as follows
2025 - example general hospital 20 bed
2026 - example wing 45 beds
2027 - example new site 30 beds

A1 Yes, the trust is developing a 22 cot/bed neonatal intensive care unit due to be completed in early 2026. These are not considered additional new bed spaces as areas have been repurposed in order for the new neonates to be developed.

Q2 Please can you confirm if there are any proposed new theatres planned to be created within your trust in the next five years. Please use the example format highlighted in Q1.

A2 Information not held - There are currently no additional theatres planned for the next 5 years.

Q3 Please can you confirm if any of your current bed spaces or theatres are planned to be moved into a new building or area in the next 5 years. Please use the example format highlighted in Q1

A3 Information not held – There are no plans to move current bed spaces or theatres into a new building or area in the next 5 years.

Q4 If questions 1-3 have highlighted a response that confirms new facilities, please could you confirm which organisation has been authorised to lead on the work if the project has reached the stage of awarding.

A4 Morgan Sindell Construction.
