Subject: Quality Assurance Software System

I am doing some research regarding quality assurance software systems, used by nursing teams for auditing and accreditation across the NHS. The examples of the audits would be - safeguarding audits, falls audits, medicines, hand hygiene audits or ward accreditation.

I would be grateful if you could, under the Freedom of Information Legislation, provide the following information relating to the mentioned software:

Q1 What is the current supplier name?

A1 [Tendable](#)

Q2 What are the contract dates (start and termination date)?

A2 [31st March 2025](#)

Q3 How much was invested in the system?

A3 [£23,180 p/a](#)
